Mobile: + 9 1 7 9 8 7 5 5 4 8 2 0

SKILLS

Languages: C++, Java, Python, HTML, CSS
Technologies/Frameworks: Hibernate, Servlets, JSP, JUNIT
Tools: Maven, Git, Tomcat, GitHub, IntelliJ IDEA, Eclipse
Database: MySQL, JDBC
Data Analysis: Tableau, Power BI, Excel
Soft Skills: Flexible and Agile, Collaboration, Efficient, Leadership

PROJECTS

Market Fashion Trend Analyzer — Power Business Intelligence Dashboard	Apr 2025
• Crafted a premium dashboard from 4 connected tables to visualize retail trends and performance. • Spearheaded the creation of advanced DAX measures to calculate key performance indicators like AOV and sales revenue; logic improved reporting accuracy by 15% across all dashboards. • Designed slicers by year, country, subcategory, and date to personalize data exploration. • Highlighted Q4 2024 sales peak and profit gaps in underperforming items for business optimization.	
Online Examination System — Full-Stack Web Application	Oct 2024 - present
• Engineered an exam platform supporting 50+ tests with instant grading and secure login system. • Initiated the project to address the lack of automated testing in student exams, reducing manual errors by 90%. • Programmed over 10 RESTful endpoints in Spring Boot to handle test operations and data fetch. • Structured and implemented a scalable MySQL schema to manage 1,000+ test records; optimized queries, reducing data retrieval time by 80%.	
Music Website — Responsive Front-End Project	Nov – Dec 2022
• Developed design of a responsive music platform showcasing 25 playlists, collaborating with peers on layout optimization and navigation. • Ensured flawless rendering on 5+ device resolutions, enhancing accessibility and cross-platform use. • Streamlined UI components to simplify navigation and elevate user interaction. • Conducted mock tests showing a 40% drop in bounce rate due to clean, responsive design.	

CERTIFICATES

<u>Software Engineer Intern Certified</u> HackerRank	Feb 2025
<u>SQL Basics</u> HackerRank	Feb 2025
<u>Programming in C++ Certified</u> Coursera	Feb 2024
